AMENDMENT IN RESPONSE TO RESTRICTION REQUIREMENT

MS Amendment
Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Dear Sir:

This is in response to the Restriction Requirement dated December 16, 2004, for which a response is due on January 16, 2005. Accordingly, this response is timely filed.

ELECTION OF INVENTION

Claims 1-66 are pending in this application. Claims 12-55 have been withdrawn from consideration as being drawn to nonelected subject matter. Restriction has been required as between the following allegedly distinct groups of inventions:

Group I (claims 1, 2, 4, 6-11, 56, 57, 59, and 61-66): drawn to pharmaceutical compositions comprising a liquid, covalently linked, immunostimulatory polynucleotide/

microcarrier complex, classified in classes 424, 435, and 536, subclasses 1.53, 458, and 23.1, respectively;

Group II (claims 1, 3, 4, 6-11, 56, 58, 59, and 61-66): drawn to pharmaceutical compositions comprising a liquid, non-covalently linked, immunostimulatory polynucleotide/microcarrier complex, classified in classes 435 and 536, subclasses 458 and 23.1, respectively;

Group III (claims 1, 2, 5-11, 56, 57, and 60-66): drawn to pharmaceutical compositions comprising a solid, covalently linked, immunostimulatory polynucleotide/microcarrier complex, classified in classes 424, and 536, subclasses 1.53 and 23.1, respectively; and

Group IV (claims 1, 3, 5-11, 56, 58, and 60-66): drawn to pharmaceutical compositions comprising a solid, non-covalently linked, immunostimulatory polynucleotide/microcarrier complex, classified in classes 424, and 536, subclasses 1.53 and 23.1, respectively.

Applicants hereby elect Group III (claims 1, 2, 5-11, 56, 57, and 60-66) without traverse.

The Examiner states that claim 1 links inventions recited in claims 2, 3, 4, and 5 of Groups I, II, III, and IV. Applicants respectfully point out that claim 56 is also a linking claim with regard to claims 57, 58, 59, and 60 of Groups I, II, III, and IV. Upon allowance of the linking claim(s), the restriction requirement as to the linked inventions shall be withdrawn. Any claims directed to the nonelected inventions depending from or including all the limitations of the allowable linking claim must be rejoined and fully examined for patentability. M.P.E.P. §809.

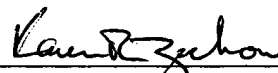

Applicants expressly reserve their right under 35 U.S.C. § 121 to file a divisional application directed to the nonelected subject matter during the pendency of this application, or an application claiming priority from this application.

Applicants request examination of the elected subject matter on the merits.

In the event the U.S. Patent and Trademark office determines that an extension and/or other relief is required, applicant petitions for any required relief including extensions of time and authorizes the Commissioner to charge the cost of such petitions and/or other fees due in connection with the filing of this document to Deposit Account No. 03-1952 referencing docket no. 377882001700. However, the Commissioner is not authorized to charge the cost of the issue fee to the Deposit Account.

Dated: January 14, 2005

Respectfully submitted,

By 
Karen R. Zachow, Ph.D.
